Circumambulate the University of Southern Mississippi . . .

The Campus . . . with her outer shell of buildings rooming classes

and mingled masses of students living together...

The Life—sharing experiences with friends thus emerging more

complete individuals adapted to diversified goals...

The Spirit . . . the inter emotion stabalizing seasoned students

and enabling them to become a necessary and welcomed segment of what . . .

*The university is and has to offer as unfolded in the
nineteen hundred and sixty five*

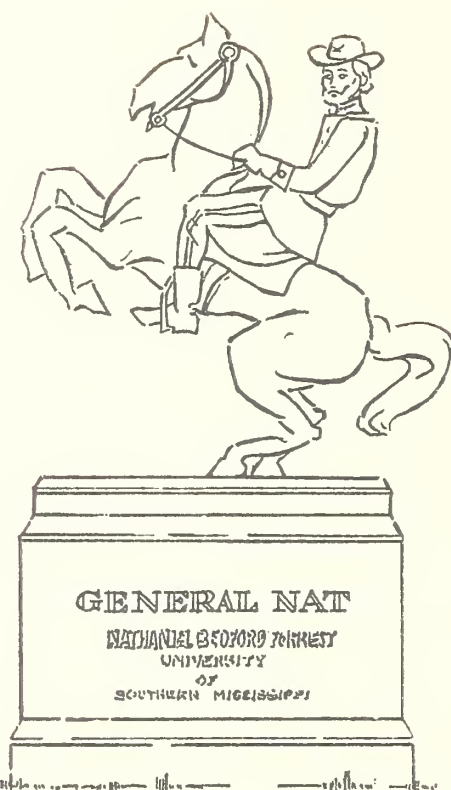

editor, Jean Richardson

business manager, Fred Griffin

As the proving ground of intellect, social, and spiritual entities, the university creates the tie that draws her individuals into mankind and semipermeable existence with the universe. New students encounter this experience as babes, solely dependent upon her provisions while completely independent of her beings. Gradually confused chaos evaporates, revealing friendships, ideals, and opinions—all striving for the depths of knowledge. Experience, time's result, discloses a graduate ready to step forth into the world fully clothed with unique qualities all his own and characteristics of the whole he has helped to create and maintain.

University of Southern Mississippi is a way of life. From the first day on campus, patterns are created and destroyed; friendships are born and fade away; ideas are conceived and disillusioned. Laughter ringing in the Hub and tears gliding down cheeks in a desolate corner; apprehension over finals and quietude of Sunday walks; disenchantment of monsoon winters and expectations of cool, breezy Spring evenings combined form a knot in the throat when memory commences. The unnoticed glance of that certain person's eyes, the warmth of a tested and validated friendship; the competitive spirit of contests, athletics, and social life all help to create the personality of USM.

University of Southern Mississippi is a way of life for she is the lives of approximately six thousand people working toward a common goal, education; sometimes enduring the same excruciating pains of disappointment; and forever living for and working thee, "for whom the bell tolls."

Southern is . . . Leadership

MARTHA ROGERS
SECTION EDITOR

The iron hand in the velvet glove is an adage whose omnipotence is timeless. There have always been those who must be led and those who lead. The Alexanders, the Martin Luthers, and the philosophers have transcended the ages and stand side by side with contemporaries of their ilk. The conscientious ability both factions possess is permanent.

The ability to lead cannot be gleaned in a refresher course, nor can the desire to guide the directionless be taught in six easy lessons. A compulsion equal in strength to the magnitude of the herd to be led must be inborn. The gift of a gentle but positive push cannot be bought.

Who is qualified to say what determines the rank of a leader? What peculiar personality quirk bends a person until he cannot tolerate being a mere follower? The power is unknown, but the product is evident.

Leadership spawns responsibility, and responsibility must be tempered with a level head. A sense of justice and a hyper-keen obligation of fairness regardless of involvement are required. Habits of preponderance of planned action must be initiated, and past conclusions must be adhered to. Care should be taken to guard against fifth columnists who polish apples professionally. The respect of one's followers must always be maintained, for who can train others when self discipline has not been grasped.

Most important of all is the ability to mingle and yet not suffer lost position and dignity. Qualities of combined intimacy and retained superiority are the actual trademark of a leader.

He who is bestowed with an iron hand should always wear a velvet glove. He is the doer, the manager, the head of the wondering clan . . . And he is indispensable.

Pi Kappa Pi

Seventy per cent A's on ninety consecutive quarter hours of school work at Southern is one of the qualifications for membership in Pi Kappa Pi.

Membership in this national organization holds a special honor for its initiated participants. Names of qualified candidates for Pi Kappa Pi are submitted annually, and an initiation banquet for the new members is one of the organization's most important social events.

This national society received its charter in 1949, and holds the recognition and encouragement of sound scholarship as one of its highest ideals.

To Southern students membership in this fraternity is one of the most outstanding awards and best recognition that can be received.

Hall of Fame

1965 Hall of Fame: Left to Right: Carolyn Arbuthnot Pearl, Ronnie White, Bill Voss, Linda Lee.

A secret committee, representing every department on campus, selected these four from the entire senior class, and they are now added to the long list of immortals to be remembered in the history of the University of Southern Mississippi.

Student Government Association

The students of the University of Southern Mississippi have formed an effective Student Government to insure a continuous exchange of ideas and opinions between the students and the administration. Through this Association students have training and experience in democratic self-government, assuming fullest powers and responsibilities of self-government consistent with the constitution and law of the State of Mississippi and the policies of the President of the University of Southern Mississippi. They have promoted the general student welfare and protected the enumerated rights of the individual student as well as performed the will of the majority.

Through the Association's efforts to uphold the powers and responsibilities of self-government and to serve its students in many capacities, it has become an essential organ of campus life at Southern. The Student Government Association is divided into three major Divisions: Legislative, Executive, and Judicial. The Senate is the legislative body of the campus. Here the students exchange their ideas and opinions to determine the policies and procedures of student life. The Executive Cabinet serves as an Advisory Board to the Student Government President. The Men's and Women's Affairs boards act as the coordinators and policy makers of the students who live on and off campus. The Student Court acts as the Judicial Branch. This group of outstanding students enforces the laws made by the Legislative and Executive branches.

The officers: President, First Vice-President, Second Vice-President, Secretary, and Treasurer, are dedicated to extending an understanding between the students and the administration in both the academic and social life here at the University of Southern Mississippi. In this effort to achieve self-government, students are given a chance to exchange ideals and opinions for the betterment of democracy not only at the University of Southern Mississippi but also as they go out into the world.

Cabinet

Serving in an advisory capacity to the Student Government Association President is the Presidential Cabinet. The eight members, Executive Assistant, Attorney General, Secretary of Complaints and Administrative Relations, Secretary of Publicity, Secretary of Alumni Relations, Secretary of Student Relations, Secretary of Calendar and Conventions, and Secretary of Orientations, are appointed by the Student Government Association President. Each member has a specified area of business to handle, but they all promote student welfare, assist the President, and work with the administration.

Left to right: Paul Bosarge, Pat Patrick, Nancy Hathorn, Fred Hayslett, Martha Rushing, Douglas Skinner, Cindy Watlington.

The Student Court is the highest judicial power established by the Student Government Association. The Court has the following powers and duties: to interpret the Constitution, to adjudicate all constitution questions, to hear appeals from the Student Affairs Boards, and to recommend punishment of any student for misconduct.

Members of the Student Court are appointed by the Student Government President with the approval of the Senate.

The legislative powers of the Student Government Association are vested in the Student Senate. The Senate is the elected representative of the student body. The members are from each of the four undergraduate classes and the graduate school. Each undergraduate class and the graduate school is entitled to one Senator for each one hundred students enrolled therein, or for a major fraction thereof. The Senate has the power to coordinate all student activities, promote the general student welfare, and to protect certain rights of students.

The President of the Student Government Association presides over the Student Senate and may veto any act of the Senate, but this veto may be overruled by a two-thirds vote of the Senate.

The primary purpose is to insure a continuous exchange of ideas and opinions between the students and the administration. The most important link between the student body and the administration is the Student Senate.

The Senators are elected for one term, lasting one full school year. There are weekly meetings to plan how they will carry out their duties as a service group and to serve the faculty and the administration as well as the student body.

Women's Advisory Council

The Women's Advisory Council is composed of two representatives from each upper class. This group of women works with the Dean of Women, the Women's Affairs Board, and the dormitory housemothers to raise the moral and social standards of the campus.

Class representatives are selected by the Women's Affairs Board each spring. The Council holds meetings whenever problems concerning women students arise. The women chosen for this Council have shown high social and moral character and are to set examples for other students.

S.C.O.P.E. VIII

The Student Conference on Paramount Events at the University of Southern Mississippi has been created to widen the knowledge of national and international affairs.

It is a long-range effort to promote responsibilities in future citizens. Each year SCOPE sponsors a seminar to discuss and discover prominent affairs of the nation and the world that will be of particular interest to students.

"The United States and Foreign Affairs" is the topic for SCOPE VIII, 1965.

Schools from Louisiana, Alabama, Texas, and all over Mississippi, including junior colleges and high schools, are invited to attend the SCOPE Conference.

Men's Affairs Board

The official legislative body representing the male students of Southern is the Men's Affairs Board, which has the power to regulate not only dress for men students, but also conditions in the men's dormitories, as well as acting as an Appeal Board for cases brought up from all dormitory councils.

The Men's Affairs Board works with the Dean of Men and other campus officials to help maintain and build up the reputation of the men of the University of Southern Mississippi.

Women's Affairs Board

The Women's Affairs Board, the official legislative body of Southern coeds, serves as coordinator of women student activities and revises all rules and regulations concerning women students.

Quarterly activities, such as dormitory elections, convocations, and dormitory cultural programs, are sponsored for female students in order to bring the women closer together to learn about and participate in student government. Each year a scholarship is awarded to some outstanding woman on Southern's campus. The **Miss Southern Handbook** is compiled to help the freshmen women become familiar with the way of life of the Southern coed before she arrives at the University.

Best Dressed

Each year in connection with **Glamour** magazine, a best dressed co-ed is selected on the Southern campus. Chosen by a panel of judges over nine other contestants this year was Brenda Poole, a senior from Columbia, Mississippi. Each contestant modeled four different outfits. The winner was chosen on the basis of poise, neatness and appearance. Brenda will now be entered in **Glamour** magazine's national contest to select the ten best dressed co-eds in the United States.

At Southern, Brenda is majoring in marketing and plans to be a buyer for a department store. She is a member of Kappa Delta sorority.

Inter-Fraternity Council

Delegates from each of the eight fraternities on the University's campus compose the Inter-Fraternity Council. IFC is set up to act as a governing body of the fraternities, to promote better harmony and co-operation among the fraternities, and to advance the interest of the university at all times.

One of the primary duties of the IFC is to establish rules in regard to rushing, pledging, and finally the initiating of Fraternity men. In establishing these rules, the IFC tries to insure fairness to the rushee as well as to each fraternity.

Greek Week is sponsored by the council in the spring of every year. Intramural competition is a major part of Greek life and is encouraged and aided by the council. There is also an annual IFC scholarship award.

Miss Venus

Mari Longino

Each year the inter-fraternity council announces Miss Venus, the IFC Sweetheart. Mari Longino has served as Miss Venus this year. This Poplarville, Mississippi, junior has been a top ten beauty for two years, Freshman class and Junior class favorites and Miss Southern. Mari is a member of Delta Delta Delta sorority.

Panhellenic Council

Panhellenic is an organization consisting of every member of each sorority on campus. The Panhellenic Council of the University of Southern Mississippi is the governing and balancing power, composed of two representatives from each sorority. One is a voting delegate, and the other is an alternate.

This body compiles rules concerning rushing, pledging, initiation, and sorority activities on campus. It is a forum for the discussion of questions of interest in the university and fraternity world. Another responsibility is to further fine intellectual accomplishments and sound scholarship. It cooperates with the university administration in the maintenance of high social standards; and, above all else, the Council maintains on a high plane fraternity life and inter-fraternity relations within the university.

The Junior Panhellenic Council is made up of one delegate from each pledge class of the seven sororities on campus. The Council is a subsidiary of Senior Panhellenic, functioning under it auspices, but under a separate and similar constitution of its own. Its officers are determined by rotation among the sororities as are those of Senior Panhellenic.

University Activities Council Supervises Community Life Of Students

The Activities Committee is composed of representatives from social, religious and independent organizations, and volunteers who request membership on the committee. The committee plans and promotes parties, dances, tournaments, talent shows, Halloween Carnival, and other activities of the Union, under the supervision of the Program Director.

One of its main programs is the Southern Celebrities Series. Through this program the Activities Council brings "Big Name Entertainment" to the Southern campus. Some of the big names this year were The Brandywine Singers, Flatt and Scruggs, The Lettermen, The Four Preps, and The Four Freshmen. The University Activities Council is divided into six areas: Executive, Decoration, Film, Music, Publicity, and Refreshments. The chairmen of these individual committees serve on the Executive Committee along with the over-all committee chairman.

Through the planning and promotion of this committee the Union is more able to provide the students with the type program that is both wholesome and desirable.

The Circle K Club is not merely an organization but a driving force, a developing leadership for tomorrow, while it creates a better college or university community today.

The club broadens the opportunities available to students through personal contact with business and professional leaders. It provides the medium for accomplishing projects to assist the school in social and academic programs, and it provides a means for the same type of leadership in a college community which service clubs are given in the business and professional world.

Yellowjackets Promote Campus Spirit

The Yellowjackets were originally founded to boost school spirit and to uphold the traditions of the University of Southern Mississippi concerning freshmen. Haircuttings and beanies are all a part of the job. However, this year the Yellowjackets went a little further to provide the freshmen with incentive—the Freshman Follies and the homecoming bonfire were initiated as school traditions. To provide an opportunity for the freshmen to gain vengeance, the organization entered an egg throw with members as the targets. Campus visitors find the Yellowjackets delightful hosts and guides.

The organization is composed of fifty sophomore members plus three senior members and the president, who is a junior elected from the preceding year's club. Yearly the members elect a sophomore girl to be their sweetheart. Royce Ann Siegrist is sweetheart of the 1964-65 Yellowjackets.

HISTORY OF ROTC AT THE UNIVERSITY OF SOUTHERN MISSISSIPPI

The first ROTC Unit at Southern Mississippi was organized in 1950 as a Branch Material Unit to prepare cadets for commissioning in the Field Artillery. In 1953, a program of General Military Science was initiated to give the cadet a wider range of military training in his precommissioning schooling. Under this program, courses applicable to all branches of the Army are offered, and cadets are given the opportunity during the fourth year of schooling to select a branch of the Army in which to be commissioned. In 1958, the college's academic council adopted a program of compulsory ROTC training for all eligible male Freshman and Sophomore students.

Homecoming... A Weekend of Mixed Emotions

That special week end of the year—HOMECOMING. This week-end holds the past and present in one. To the college student, there are gay hours of building floats and planning parties. Decorations are everywhere. Mums and new suits flower the Saturday afternoon stadium. Visitors are crowded into dorms. Packed, dim-lit parties highlight the day. To the alumni, a wave of memories flow through the air—this is where we first met. "I remember old so-and-so!" "Yes, this is my family now." "You haven't changed a bit." "Do you remember when we did—"

To the alumni and college student, homecoming is an unforgettable weekend.

M Club

Southern's lettermen are recognized in the M Club. It is composed of athletes who earned a varsity letter in any one of the several intercollegiate athletic teams and who desired membership in the organization, which has a very trying initiation for its candidates. To be inducted into membership in the M Club is both an honor and the mark of a true man.

Advancement of sportsmanship and all forms of athletic activity at the school is the endeavor of these young men.

One of their more outstanding contributions to the furtherment of school spirit is the acquisition and selling of mums during the week preceding the gala homecoming festivities.

Sporting 1963's number one defensive team in the nation, the Southerners showed their stuff as they whitewashed the University of Southwestern Louisiana 30-0 at home. Led by the junior quarterback Vic Purvis, the Southerners rolled up 328 yards on the ground and added 175 more yards via aerials for a total of 502 yards in their victory over Southwestern Louisiana. The first score came in the first quarter when Herman Nall hit paydirt to climax a 55 yard, ten play drive. John Laird's extra point was good and the score was 7-0. Purvis, on keepers to the right and left, moved the pigskin to the USM 12; but Southern's Rusty Frye was to no avail. Nall found daylight though as he bulled over right guard for his second touchdown of the contest. A bad snap from center left the Southerners without a conversion and the score stood 13-0. A Billy Devrow interception in the fourth quarter set up another scoring drive. Laird was called in

again for tee service, and he booted a 33 yard, breaking an all-time school record for the number of field goals in one game. A last minute Southern scoring threat was squelched as a Purvis aerial was intercepted in the end zone leaving the final score at 30-0.

The next game saw USM edge Richmond in the wake of Hurricane Hilda. Vic Purvis broke loose on touchdown runs of 79 and 34 yards to electrify the crowd. The Richmond squad fought hard but neither team was able to score in the first period. In the second period quarterback Purvis took the snap and went 79 yards for the score. The Spiders scored a safety and the score read Southern 7 and Richmond 2. Purvis took the snap once again, and raced down the right side for the tally, again Laird's tee was true and the Southerners found themselves out front 14-2 at the half. The only score in the second half was in the third quarter when Richmond's Joe Stromich picked off an aerial and returned it 67 yards untouched for his team's only touchdown. Quarterback Purvis was clearly the man of the hour. He was assisted by Harmon Brannon, Rabbit Brown and a fighting squad.

Southern stunned powerful Memphis State 20-14 with fullback Harmon Brannan galloping for three touchdowns. Almost 19,000 fans saw the talented 195 pound junior romp and stomp for 116 yards in 23 carries and score the first victory over Memphis in five years. The bursting Southerners racked up an offensive total of 222 yards and led all the way in knotching their third win of the season. The Tigers fumbled on their first three plays and set up the Southern tally in the opening quarter. Brannan played over from the one yard line and Laird converted to give the Southerners an early 7-0 lead. Southern scored again in the second quarter to give them a 14 to 7 lead at the halftime. The second half saw Brannan tally again and the score rose to 20-7 in the fourth quarter. Memphis State would not be cornered and scored once more but the Southerners had a 20-14 victory as the buzzer sounded the end of the game. Brannan led all ball carries with 83 yards on 17 totes.

Mississippi State overwhelmed Southern in a one-sided contest. Southern Mississippi, its winning streak snapped at three, had but one minute of glory the entire game. Following State's third touchdown, Southern tailback Herman Nall took MSU guard Justin Canale's kickoff one yard deep in the end zone and raced up the side lines for the Black and Gold. Kicking specialist John Laird added the extra point, making the score 19-7; and, for a moment, it appeared that Southern was back in the ball game. To give the Southern fans even more to cheer about, State halfback Dan Bland fumbled the ensuing kick off and USM and George Rodman recovered on the State 46. Laird attempted a field goal on the 28, but it was short. From then on it was State all the

The next game saw USM scare Auburn. Auburn had to come up with a pair of defensive plays to halt Southern's drives. It was a moral victory for Southern which battled with the team picked to be one of the nation's best. Southern's coach Thad Vann said he was very proud of the team after the game. Vann singled out Purvis for playing a great game. Mid-way in the quarter the Southerners drove to the Auburn 27 yard line and a fumble occurred with Doc Griffith recovering. Southern's brief moment of offensive glory occurred

when Purvis uncorded a long pass to Bill Corney on a play that covered 71 yards for the only USM touchdown. John Laird booted the extra point to make the score 7-0. Auburn picked up its only point in the first half when they received a safety and two points. After a halftime, the Plainsmen scored the first time they gained control of the ball in the third quarter. The drive covered 81 yards. Southern then made its two desperate scoring attempts, both of which fell short.

We then took on Florida State's Seminoles who handed us a 34-0 defeat. The game was entirely one-sided as the Seminoles scored after receiving the opening kickoff and then completely bottled up the Southern offense while its own defense was scoring freely. It

took the Seminoles just eight plays and four minutes to score their first touchdown. The point after was no good, giving FSU a 6-0 lead. Southern could not hold the ball and John Laird then had to punt. Ten plays later the Seminoles were on the scoreboard again and led 12-0. After an exchange of two punts the Seminoles were again on the board to make the lead 19-0. The half ended with Southern behind 19-0. The second half was a continuation of the first half as Southern could not move against the Seminole defense. Two scores were registered, both on passes, as the Seminoles completed the scalping with a 34-0 shutout.

Then running up 24 points in the second half, Southern blanked the Moccasins of the University of Chattanooga 31-0 before a Homecoming crowd of an estimated 11,000. USM carried for a total of 19 first downs and ran up 260 yards rushing. The end of the first quarter saw Vic Purvis send a pass to George Rodman for the Southerner's first score. In the third quarter USM scored 17 more points.

A Tommy Schaefer fumble was recovered by Tommy Youmans on the Chattanooga 20 in the first play from scrimmage after the second half kick off. Not being able to go, the Moccasins were forced to punt on the next series of downs. Southern took over and marched the remaining yards with Rusty Frye crashing over for the score. Mike McClellan scored the last touchdown to give Southern a 31-0 victory. "This was most definitely a complete squad victory," said Coach Vann.

We then saw Southern over Louisiana Tech, the nation's fourth ranked small college team, in their final home game of the season. USM, apparently unimpressed by the so-called "ratings," downed previously unbeaten Tech 14-7. After a wild offensive first half, which saw all of the points scored, both teams settled down for some hard defensive play. Hardly had the fans settled in their seats when Southern fullback Dooney Lipincott found a hole over the Tech right guard and set asail racing in for the score. Laird made it 7-0 with the game only minutes old. Tech's halfback Jack Hopkins got things started by running the ball back on the kick off from the Tech three to the 22 yard line. A Laird to Linder pitchout went wild and Southern recovered. Billy Laird with pin point passing moved Tech to the Southern six, and from there he

Southern then rallied for a wind-up victory. Southern upset Memphis State for the second time this season, 20-18, to close out its 1964 football campaign at Jackson, Mississippi. The Southerners had to come from behind for the victory, scoring 10 points in the last quarter. The win gave Southern 6-3 record for the season. The scoring started fast and furiously, with 17 points having been posted on the scoreboard before the first quarter had ended. Memphis marched with the opening kickoff for the game's first touchdown. However, John Laird kicked his first of two field goals from 37 yards out with six minutes left. Midway in the second period Memphis, got a safety. After an exchange of punts, Southern came into possession of the ball in excellent field position at its own 48 and started the march for the winning score. The drive took nine plays before George Rodman scored the touchdown and Laird kicked the extra point to make the final score 20-18.

The University of Southern Mississippi Freshman football squad, coached by ex-southern quarterback Billy Larson, opened the season with a 7-7 tie against Marion Institute of Alabama. The "Baby Southerners" rallied in the final 20 seconds to pull the tie. Southern quarterback Terry McMillan set up the tying touchdown when he passed to Dick Dunaway and an interference penalty laced the ball on the one yard line. Milo McCarthy plunged in for the tally and Dunaway converted to even the score with 2 seconds left in the game. The second game saw the "Baby Southerners" tie Tulane 6-6 in a rescheduled game that was canceled because of Hurricane Hilda. The final two games saw the frosh lose to Memphis State 13-12 but beat Florida State 14-13 to round out the season with a 1 win 1 lose and 2 tie record.

The 1964-65 basketball season for the University of Southern Mississippi's Golden Giants was one of up's and down's resulting in a record of fifteen victories and eleven defeats. This season marked the first time in Southern's history to have a Freshman team, which produced a commendable record of ten victories and seven defeats under the guidance of former USM great Jeep Clark. Coach Lee Floyd in his third year back at the helm is to be commended for his second consecutive winning season.

Southern proved to be the unofficial state champion by winning the Magnolia Invitational Tournament in Jackson which consisted of the state's four major basketball powers. This was the high point of a season

of many highlights for the "Giants", which included USM's first victory over the powerful Memphis State Tigers in Memphis. Two team scoring records were established this season. The Southerners averaged 88.7 points per game to better the old mark of 83.9 set last year. Their opponents also scored at the highest rate ever—84.9 points per game. Southern's 118 points against Northwestern Louisiana set a new standard as did the 113 by Lamar Tech in a 113-111 win over USM. Both Southern and its foes scored 100 points

or more five times. The Southerners were halted twice at 99 points.

Team co-captain Bruce Miller, a senior who has announced plans to try his hand at professional baseball with the Kansas City Athletics, upped his career total to 1,381 points to replace Jack Gallagher (1949-52) as the third leading scorer in the school's history.

Miller, who hit 178 out of 350, didn't break his own field goal shooting percentage record but led the team with a fine 50.9 mark. His record is 52.8 (1961-62). He also led in free throw shooting with a 78.0 mark, two-tenths better than sophomore Gary Kochersperger's 77.8 and he was also second to Gary Hannan in rebounding with 153 grabs. Bruce was also second in scoring with an 18.6 average and 466 points.

Ron Johnson, the only other senior on the squad, was Southern's top reserve entering many games and

sparking the "Golden Giants" through several crucial moments. Ron, playing in all but one of the games, scored 95 points and pulled in 56 rebounds.

Rascal Odom, sophomore guard from Hattiesburg, is the only other player who will not return next season as he will enter the University of Mississippi Medical School in the fall. He was a key reserve and entered several games to sink crucial free throws.

Gary Kockersperger, Roslyn, Pennsylvania, sophomore, who at mid-season was averaging 12.1, came on strong to finish with a 15.3 points per game average. The highlight of the season for Gary came at a most satisfying time. He scored the season high of 33 points in front of his parents who were seeing him play college basketball for the first time.

Southern Baseball Faces Rough Year

Coach Pete Taylor.

Infielders for this year's team.

This year's baseball schedule should be the toughest of any baseball club in the history of the school. We will be playing such teams as Alabama, Ole Miss, Arkansas, Miss. State, and others. We will be hurt with the loss of starting pitcher Bruce Miller, a left-hander, and a starting righthander, Freddy George. George will see limited service because of practice teaching and will not be able to go on road trips. The infield should shape up with Doug Satcher or Lamar Culpepper catching, Gary Hannan at first, Peter Hayes or Jerry Smith at second, Terry Silva or Baker at Short, and Bill Cuitello or George Summerall at third base. The outfielders are Joe Lott, Don MacDonald, Billy Devrow and Billy Lott. As for pitching we are expecting lots of work out of Jerrall Wilson, George Cavandis, Ed Assaff, and Buddy Jordan. Freddy George will get the call at home. Ed Bryant, Mike McClellan, and Randy Tschannan will see their share of mound duty. In the hitting department, we hope that Doug Satcher can continue his slugging ways. Others that should be helpful in the hitting department should be Gary Hannan, Joe Lott, Billy Lott, and Billy Devrow. The team has been having bad weather and is not ready to start the season right now, but will be ready when the season opens. The season as it looks right now should be a good one with a lot depending on the pitching department.

Tennis Team

The 1964-65 University of Southern Mississippi tennis team, a bit weakened by the graduation of four of their top seven netters, including the top two, will nevertheless, have a strong team and will be looking forward to another victorious season. Under the able coaching of trainer, Doc Harrington, last year's Southerners won the USM Invitational and came in second in the state while compiling an impressive record of fifteen victories against only four defeats.

Returnees from last years team include Sergio Boggetti of Rome, Italy, Janice Myers of Laurel, Tony Delhomme of Fairhope, Alabama, and Bill Pendergrass of Washington, D.C. Freshman members of the team are Denny Hayes of Hattiesburg and Max Bossetti, also of Rome.

This year's schedule features matches with schools such as Northwestern University, Ole Miss, Alabama, and L.S.U. In addition, Southern will host two tournaments, the USM Invitational and the Mississippi Inter-collegiate Tournament.

Golf Team

The 1964-1965 University of Southern Mississippi Golf Team displays the makings of an excellent season. Under the capable guidance of Coach B. O. Van Hook, Southern's golf teams have won the state intercollegiate golf championship for the past two seasons and have had winning seasons for the past several years. Therefore, with five returning lettermen, three returning squadsman, and three able newcomers, there is little doubt that this year's team will have a tremendous season.

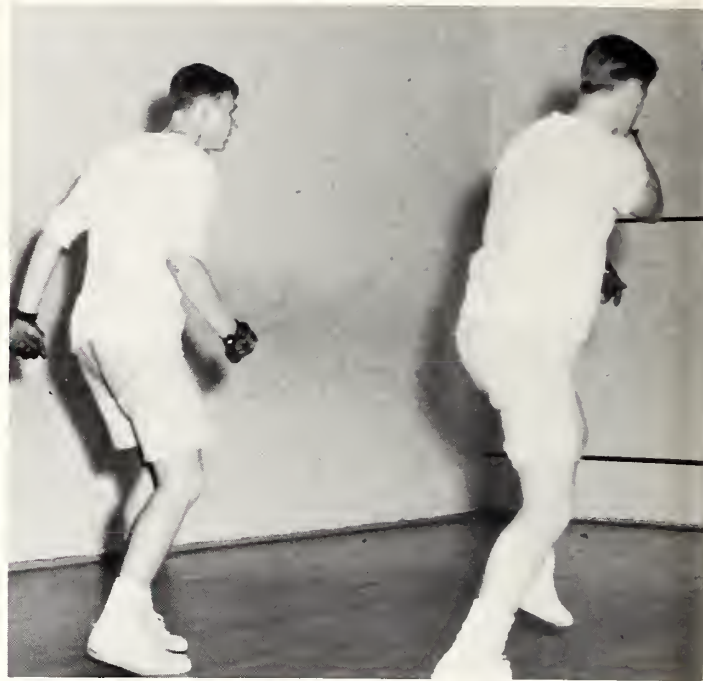

The returning lettermen are Bubba Akins, Bill Applewhite, James Butler, Mickey Gallagher, and Gene Yandell. Joe Williams, and Kirby Manning were on last year's squad, and Bill Yandell showed great promise as a freshman. The newcomers are Greg Luce, Wayne Mateer, and Boyce Wilkinson.

Among the major tournaments the Southerners will participate in this season are the Buckhalt Tournament in Mobile, the L.S.U. Invitational in Baton Rouge, and the Mississippi Intercollegiate Tourney at Southern.

1965 Saw The Men's Intramurals Program Extended

The true spirit of fraternities is classically illustrated on the fields of athletic competition. As each fraternity works and strives to make its team the best in any sport and win the coveted trophy, it is building character and molding better men. There is no substitute for the elation of victory which is experienced through hard work and team effort. Inter-fraternity athletics at Southern is a well-organized and efficiently run venture which gives many men an outlet for their energies and sometimes even their animosities. Needless to say, the necessary sportsmanship is also stressed. Interfraternity athletics starts in the fall with the advent of football season. The fans really turn out to spur their guys on to victory.

This year was a tremendous one for football, with competition very keen. There were several good teams; but it was the Kappa Sigma "Sigs" who took first place for the fourth straight year.

Women's Intramurals Strengthen School Spirit

To strengthen the relationship between Panhellenic and Independent women is only one purpose of women intramurals at USM.

Several phases of athletic participation are offered under the supervision of the women's physical education department. Fall events include bowling, horse-shoes, and volleyball. Other sports offered later in the year are basketball, tennis, swimming, softball, and deck tennis.

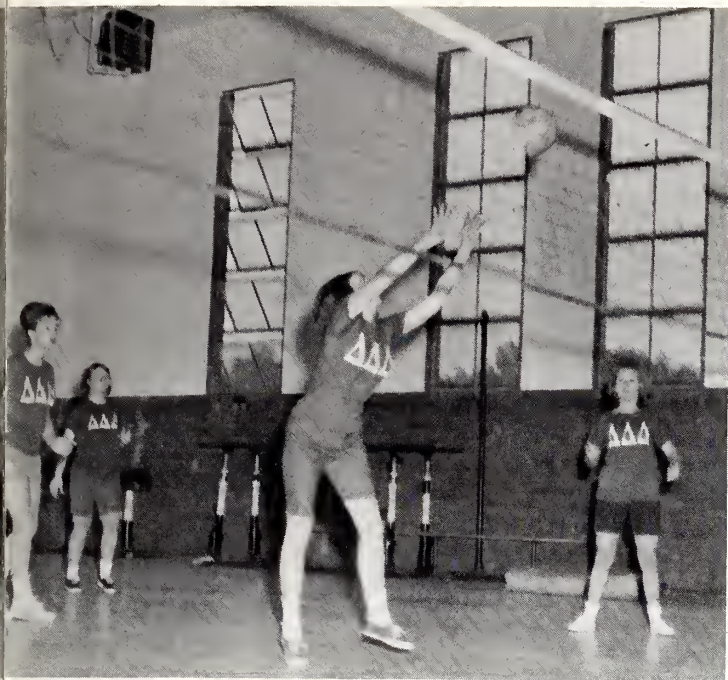

One of the main purposes of Women's intramurals is to strengthen the relationship between sororities.

Theatre Productions attain greater heights

Theatre is an art. Devotion, sincerity, and hard work are all necessary elements in the world of theatre, and such dedication sometimes results in a seclusion from the rest of society. But theatre is a necessary part of culture for it dramatizes the history of our country and its people.

The Theatre Department of the School of Fine Arts offers course work leading to the degrees of Bachelor of Arts, and the Master of Arts. In conjunction with the academic program, the Southern Players offer four major productions each regular year and a bill of studio one-act productions directed by students. The theatre productions are open to all interested students who may work in any aspect of theatre.

Southern's theatre, located in the Southern Playhouse, maintained the department's fine reputation this year with four excellent productions: *Niccolo and Nicolette*, a play for children by Alan Cullen, *A Man For All Seasons* by Robert Bolt, *The Firebugs* by Max Frisch, and *The Admirable Crichton* by James M. Barrie.

Summer Theatre was begun in 1959, at Pascagoula, Mississippi, and was brought on-campus in the summer of 1960. Originally, it was the only venture of its kind in this area and has met with continued success.

After a three week period of orientation and study, seven plays are presented; one each week for seven consecutive weeks. The program ends with critique and evaluation of each student's work on an individual basis. Sixteen hours of credit may be earned on the graduate or undergraduate levels. A limited number of scholarships are available.

The company of 25 is chosen from qualified students who file applications. Students have come from Texas, Louisiana, Arkansas, Kentucky, Tennessee, Georgia, Alabama, Florida, Mississippi, Virginia, Pennsylvania, and Connecticut.

Although this is an arduous program calling for dedication, discipline, and 'round the clock concentration, the personal and professional rewards are proportionally great.

Drum major Dudley Slay prepares to present the "Pride"

University of Southern Mississippi marching band, better known as the Pride of Mississippi, is composed of approximately 120-130 musicians that come to the University from all over the country by virtue of audition and recommendation. The Pride has earned its nationally famous reputation by such appearances as the All-Star football game in Chicago, the Blue-Gray game in Montgomery, the Sugar Bowl in New Orleans, and the Senior Bowl in Mobile. One of the greatest compliments paid the Pride was that concerning the 1965 Senior Bowl appearance. It was said of the Band by an NBC official that this was NBC's finest moment in color television.

Famous all over the South, the Dixie Darlings of the University of Southern Mississippi are chosen primarily for their ability to dance. These girls try out weekly for a position on the dance team that will perform in the football games along with the marching band.

Some of these girls receive scholarships and the out-of-state members have their extra tuition fees waived. Dixie Darlings has a fluctuating number of performers, but the usual count is from forty to fifty in each show.

Not only does this group appear at Southern's football games, but it goes to the Senior Bowl annually. In the past they have also been presented at the Blue-Gray Game and the Sugar Bowl.

drawn accolades from audiences for its excellent musicianship and showmanship. The chorus, whose membership is determined by audition, was organized in late September and since has performed on many occasions.

University Singers of Southern Mississippi is a performing choir of 70 voices selected by audition of students from all departments of the University. They appear in major concerts, on radio and television broadcasts, and have made professional recordings of their performances. This year they will appear on

two distinguished programs, "The Parable of Death" and Beethoven's "Ninth."

The University Singers are conducted by Dr. David Foltz, chairman of the Department of Music, former chairman of the Department of Music at the University of Nebraska.

Unique best describes the "Student Printz" of the University of Southern Mississippi. The "Printz", a weekly publication, is unique because the news reporting and the printing are done entirely by students. Most college papers are printed by professionals and the students write the stories. Few, if any, are put out completely by the students.

Journalism students are required to work on the "Printz." The jobs include photographer, printer, reporter, editor, and advertising salesman. All of these jobs with the exception of printing are connected with the journalism classes.

Editors are assigned to the various significant areas of campus life such as entertainments, sports, commerce and business, administration, education and psychology, arts and sciences and student activities. The department editors assign stories to the reporters who gather the facts and write the stories before the 5 p.m. Tuesday deadline. The editors check the stories for accuracy and reading ability and write the headlines. Each editor is assigned certain pages and he decides where to place stories and pictures on his page.

Financially self-suporting, the "Printz" earns its revenue from advertisements and a small student fee.

This year marked the initiation of the First Annual Open House for the "Printz." This event occured shortly before the Christmas holidays. Attending this event were twenty-five of the top administrators and members of the faculty.

Every student of the University is a member of this organization. The SCF Council is composed of a president, vice-president, recording secretary, corresponding secretary, treasurer, historian, publicity chairman, and a representative from each religious group on campus.

In addition to the meetings and activities of the various church groups, the Student Christian Federation sponsors activities for the entire campus. The first activities of the fall quarter sponsored by the SCF are a Vesper Service and an Orientation Program. Other activities include weekly Vesper Services, Thanksgiving Service, Christmas Tree Lighting Ceremony, and the Easter Sunrise Service. The most important event of the year is Religious Emphasis Week, which is also sponsored by the SCF, but it is planned by a "Committee of 100".

College is a time for shaping lives. Here at the University of Southern Mississippi the Student Christian Federation tries to encourage students to make religion a vital part of their lives. The guiding principle of the SCF is the higher development of the moral and spiritual life of the university family.

Pi Tau Chi

The Delta Alpha Chapter of National Pi Tau Chi is a religious society established on April 22, 1955, for the purpose of encouraging and recognizing exemplary Christian leadership, outstanding Christian character, and high scholastic achievement. Once a year a number of students and faculty members who have made outstanding contributions to the religious life of the University community are elected to membership.

Committee of 100

Religious Emphasis Week Committee of 100 is composed of students of the University who are interested in the planning and advancement of religious activities during R. E. W. The Student Christian Federation Council and a group of faculty members, the Religious Activities Committee, carefully make the selection for this honor. The selection is based on a student's contributions in campus religious work and his participation in his denominational group.

The major Committee of 100 is divided in eleven smaller committees: worship, house discussions, personal conference, publicity, seminar, arrangements, program, book display, breakfast, classroom, and hospitality; Each member has a specific job or responsibility. Special breakfasts are held and the committees meet together and discuss their work. Faculty advisors from various departments on campus assist students with this planning.

Special resource speakers come from various parts of the country. They hold campus-wide services classroom and dormitory discussions, and personal conferences.

The work of the R. E. W. Committee culminates in an inspirational week which offers, to all the students, the opportunity to expose themselves to thought-provoking and challenging ideas.

The College of Arts and Sciences provides a broad cultural and educational experience as well as specialized fields and pre-professional programs.

During the past year increased curricula offerings and the emergence of new departments reflected changing trends in higher education, as well as continued growth. The areas of public address, journalism, radio and television were merged into the Department of Communication.

The former areas of speech therapy and audiology became a separate department of Speech and Hearing Sciences.

Approval was received for the doctoral degree in Biology and Chemistry, and for additional graduate work beyond the master's degree in English, history, mathematics, and speech and hearing sciences. Formal approval for the doctoral degrees in these areas is expected in the near future.

In relation to such a large field of learning, Dean Fike has stated, "The long-time strength in the Humanities and Social Sciences is now well balanced by the vigorous programs in mathematics and the science areas."

School Of Business Administration Prepares Students For The Complex World Of Business

Dr. Joseph Arthur Greene, Jr., Dean.

Business Administration

The School of Business Administration has the important task of preparing young men and women for places within the increasingly complex business world which has been undergoing a great transition within this century. As the organizational revolution has occurred which has transformed a society of small businesses into one of huge corporations requiring men of managerial ability who understand people as well as production processes, education within the School has had to change. Though each department within the School (Accounting, Economics, Finance and General Business, Management, Marketing, and Office Administration) offers some specialized courses to enable the student to develop the skills to begin work in one of the functional areas of business, the emphasis is on giving him a broad enough education with the ability to use managerial tools and exercise business courses dwelling on the public and social responsibilities of private business.

The School of Education and Psychology is a major multipurpose professional school offering diverse programs in education and psychology.

The curricula for these programs encompass the undergraduate and the graduate levels and lead to the bachelor's degree, the master's degree, the specialist certificate, and the doctor's degree. These programs include: the preparation of teachers, administrators, and other professional personnel for the public schools and the colleges and universities, and the preparation of specialized personnel in selected areas for public service, for business, and for industry.

In addition, the School of Education and Psychology provides clinical and professional services to public school systems, to community agencies, and to the University, and engages in educational and psychological research. These various purposes are achieved through the work of the departments of the School and through cooperative efforts with departments of other schools and divisions within the University.

The areas of service of the School of Education and Psychology are state-wide and regional, and its various programs and activities have been steadily expanded to keep pace with the demand.

Officers, Left to Right: Pamela Gray, Vice President; Sandra Jackson, Historian; Carolyn Arbuthnot, President; Dr. Eric Gunn, Counselor.

Kappa Delta Pi

Kappa Delta Pi, an honorary society in education, is one of the outstanding organizations on our campus. The purpose of this fraternity is to stress high professional, intellectual, and personal standards in the field of education. Members are representative of these interested students who plan to pursue this area as a vocation.

Members are chosen from nominations submitted by members of the fraternity, faculty members, and campus leaders. To become a member, a student must be in the upper quintile of the 4-point system, which, under the present enrollment, is 3.4 points.

Founded at the University of Illinois, Kappa Delta Pi has developed into a large honorary society, not only at Southern but also internationally. Installed on May 28, 1954, at the University of Southern Mississippi, the Theta Gamma Chapter has attempted to encourage high professional, intellectual, and personal standards among its members and on campus. Kappa Delta Pi stresses these ideals by presenting programs dealing with professionalism in educational service projects, and by being an incentive to students to excel in education.

School Of Fine Arts Offers Cultural Contribution To Campus

Outstanding musicians are given an opportunity to participate in the stage band which performs in surrounding areas.

Dr. Raymond Mannoni, Dean.

Art, music and theatre have been integral parts of every culture and are therefore included in the great traditions which the University seeks to cultivate. The School of Fine Arts performs the following basic functions: cultural contributions, research and creative activities, instruction, and service to the student body, the University of Southern Mississippi, the community, and the state.

It has been the desire of the School of Fine Arts to combine the high standards of performance characteristic of the art studio, the conservatory, and legitimate stage, while maintaining the scholarly approach to art, music, and theatre typical of the academically oriented university, the proficiency in pedagogical skills and education research associated with leading teacher training institutions, as well as rendering service to the university, local and state communities.

The entire campus is able to enjoy the programs of the School of Fine Arts. Art exhibits, faculty recitals, opera productions, and orchestra concerts add much to the cultural environment of the university. One of the yearly favorites is a Christmas concert of carols presented by the University Singers.

This school and its people make it a foremost part of Southern.

Graduate School Increases Enrollment To 600

In recognition of the University of Southern Mississippi's responsibilities as a center of higher learning in Mississippi, a Graduate School was established in 1947 to provide an environment in which research and free inquiry would develop. Among the important goals toward which the Graduate School aims are the improvement of standards of living, the development of natural resources, the improvement of teaching in public schools in Mississippi, and the spread of cultural enlightenment in our area. The attainment of these objectives requires the services and abilities of scholars, specialists, and research workers in the various areas of intellectual endeavor. Within the limits of the physical resources, the equipment, and library facilities available, the Graduate School has expanded from time to time to meet the needs and requirements of the people of the state.

Class work is kept at a high level with emphasis upon extended research and reading. Students are expected to do superior work and to master subjects rather than merely meeting minimum requirements in complying with the formal standards indicated in programs leading toward the master's and doctoral degrees.

Alpha Lambda Delta, national honorary society, was installed at the University of Southern Mississippi in 1956 for the purpose of promoting intelligent living, learning, and superior scholarship on the campus.

To earn membership in Alpha Lambda Delta, a freshman woman must maintain a 3.5 grade average her first quarter or an overall 3.5 average during her freshman year. Those who maintain the required grade average are then invited to join Alpha Lambda Delta.

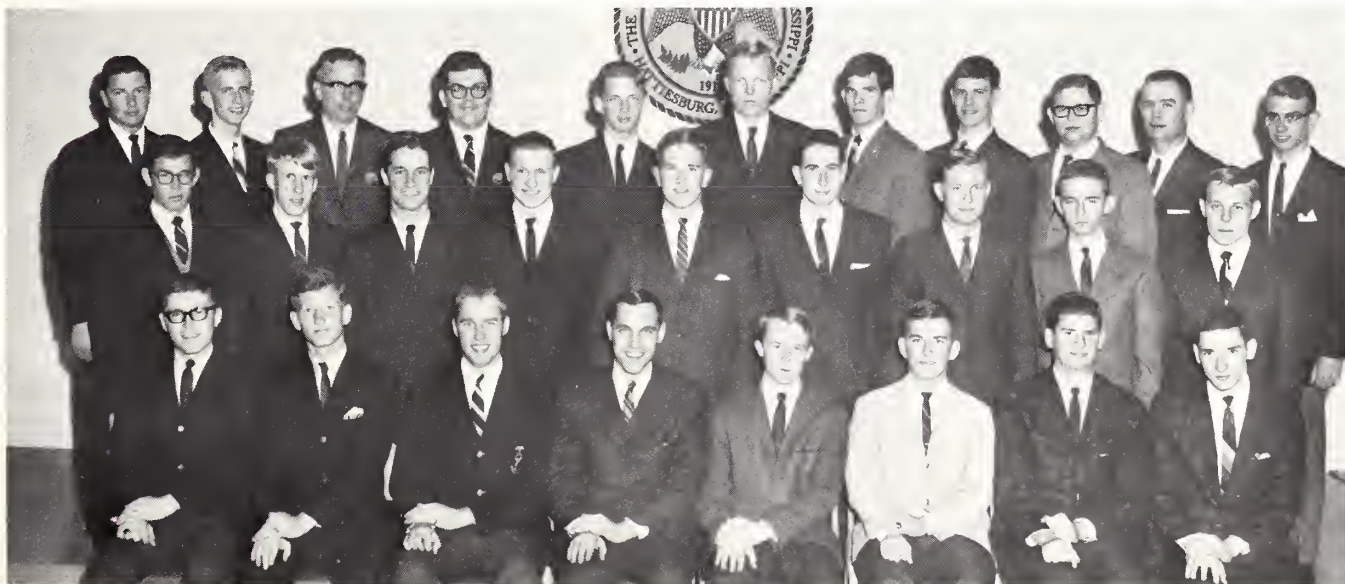

Activities of the organization carry out the purpose of Alpha Lambda Delta. Members give aid to freshmen women who are having difficulties in their studies. Each

year Alpha Lambda Delta presents a trophy to the freshman woman maintaining the highest overall grade point average for the year.

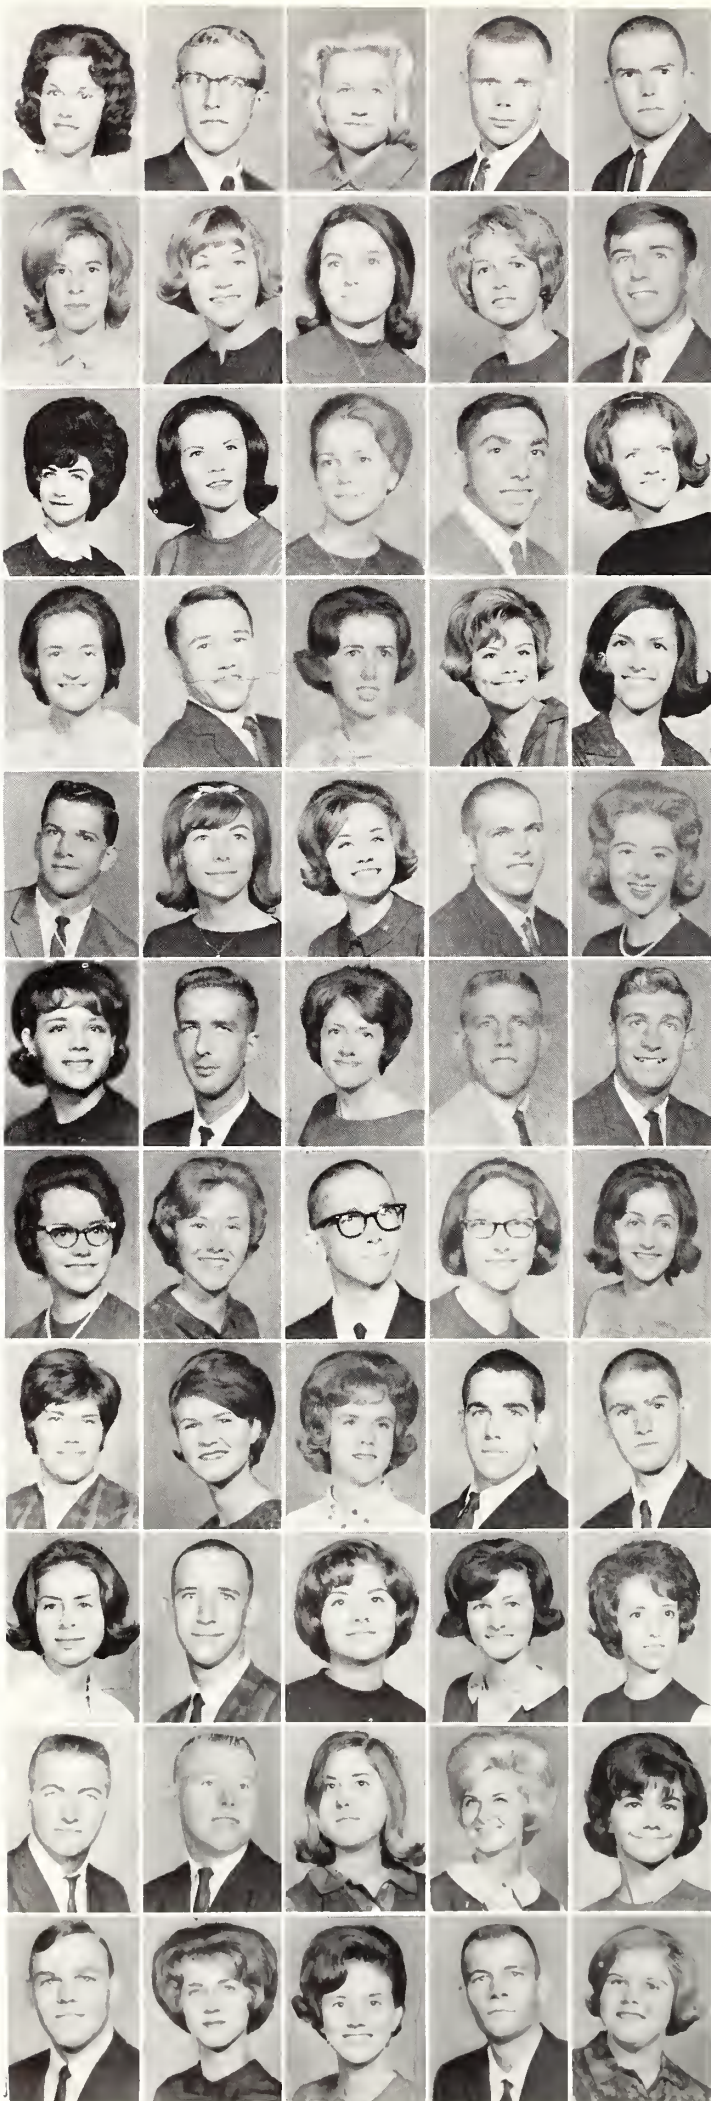

The honor of being invited to join Phi Eta Sigma is given only to those freshman men maintaining a 3.5 average two consecutive quarters of their freshman year. Phi Eta Sigma is the men's parallel honor society to Alpha Lambda Delta.

The University of Southern Mississippi's first Phi Eta Sigma chapter was chartered in 1950. Since this time the goals of this national honor society have included encouraging and rewarding the scholastic attainment of freshman men.

As a yearbook editor, wouldn't you like—

✓ *complete creative art assistance in planning and designing your book*

✓ *actual known production performances (by records) of substantially less than 10 weeks, as required by most yearbook manufacturers. No contract claims, either, of an additional 4 days on delivery for each 1 day any deadline is missed*

✓ *an association with a firm who has specialized in designing yearbooks perhaps longer than any other company*

✓ *our insistence of your reading and checking page proofs to avoid (or at least minimize) possible glaring errors in the completed edition*

✓ *an all out effort to please you in design, quality, and service at competitive prices*

What more could you ask?
